

Genomics & Bioinformatics

Research Administration
Seattle, WA • 501(c)(3) Nonprofit

Fred Hutch's Shared Resources are catalysts for lifesaving discoveries. This uniquely centralized program of 15 specialized core facilities and scientific services drives advances by integrating dedicated experts and cutting-edge technologies across the entire research pipeline, from basic science to clinical trial.

shRNA Library Storefront

User instructions for searching the shRNA database and submitting an order for individual clones.

Please note that access to the collection is limited to Fred Hutch labs only.

Overview

You must have a HutchNetID and be on the Center network in order to access the storefront. Click here: <https://vectorbase.fredhutch.org>
